Pointscore:

- **3 Win, 2 Draw and 1 Loss**
- **Washed out games:** all teams will be awarded 3 points, there will be no postponed games.
- **Countback:** If two teams end up on the same points and need to be separated for position on the ladder, it will be done by: -
 - the total number of points in the last 3 games, before the match.
 - If still not decided, it will be done by a count back game by game, starting from the last game played and the number of points scored.
 - If still not decided then a coin toss will decide the winner.

Final:

- There will be a final between the teams placed first and second on the pointscore - this will decide the winner and the runner up of the competition.
 - If there is a draw at full time, the teams will play **5 minutes** each way, straight turn around – “Golden goal” will apply.
 - If there are no goals scored in extra time, the team with the highest number of points at the start of the final will be declared the winner.
 - If there is still no winner, a count back will apply (as outlined in **Pointscore** above).
 - The other teams will also play on finals night.
- **Washed out Final:**
 - If the final is washed out or cannot be played for some reason, a **Countback** will take place to decide the winner. (see **Countback** above)
